

License for the sale of Etalonmix Remuver in the EU countries

License number: DE24 vst.:2436ELN 086

Date: August 16, 2023

License holder: Sergey Lazarev

Product name: Etalonmix Remuver

Composition and Safety:

According to extensive laboratory research, no substances that could pose a danger to human health have been detected in Etalonmix Remuver. The product complies with all safety standards and regulations of the European Union.

License terms:

The license holder is entitled to sell and distribute Etalonmix Remuver in the countries of the European Union, provided that all applicable laws and regulations are complied with. This includes compliance with product quality standards and labeling requirements.

License period:

This License is valid from the date of issue mentioned above and will remain in force as long as the license holder complies with the required standards and regulations.

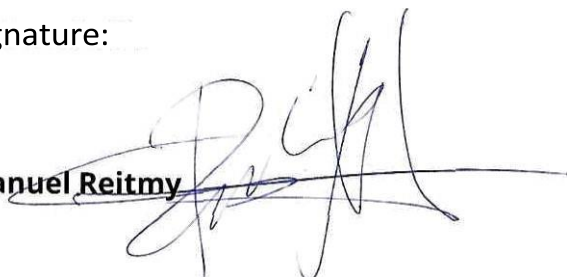

Legal Information:

This license grants the license holder the right to sell Etalonmix Remuver in the EU countries, but does not release him from the responsibility to assume any liability in connection with the product. The European Union reserves the right to revoke or restrict the license if violations of applicable regulations are detected.

This license serves to confirm the security and the authorization of the license holder to sell Etalonmix Remuver in the EU countries.

Valid until: Q8/16/2024
